### Ethnicity composition ?

Learn how your recent ancestors **are related** to modern populations

We compare your DNA against a worldwide reference panel to see which populations your DNA looks most like.

[Speculative Results](#)

[Intermediate Results](#)

[Conservative Results](#)

This view shows the highest confidence threshold when assigning any ancestry detected in your DNA. The results might show a closer connection to your recent ancestry.

**WEST SLAVIC**  
85.20%

## Ancestry Chromosome Explorer

Learn where in your chromosomes your ancestry was detected

Where are your ethnicities in your DNA? With the chromosome explorer, you can see for yourself. We've "painted" your chromosomes (the colored bars below) with the regions they are associated with in your ethnicity composition. Select an ethnicity to see it highlighted.
